McCook receives many kind words from the traveling men who make the city, and through them is being very extensively advertised.

It is announced that the President is the owner of a thirty head of blooded poultry. The rumor is that there is a hen out at the White House is thus happily confirmed.

The Famous Clothing Co. greets the readers of THE TRIBUNE, this week, with a new and greatly enlarged advertisement of their extensive and varied stock. Call in and inspect their goods.

A CALL—For a meeting of all the young and old boys, in or out of town, who will take part in the Calumet parade, July 4th, at 10 o'clock, at the Clark House, on Saturday evening, at 7 o'clock, M. T., sharp.

Now that the Hon. James G. Blaine has again unqualifiedly declined the republican nomination for president, it is to be hoped that the democracy will rest more composedly for a while at least.

People should be very careful and not leave their teams unhitched and standing on the street without someone watching them. Some terrible accident will happen in the future if this carelessness is continued.

The young people, and the followers of the goddess are both numerous and devoted in our city, indulged in a hop at the opera hall, last evening, which was notable for its usual goodly attendance and complete enjoyment.

It has been lately proven that coffee is not only a powerful stimulant but has even more valuable properties as an antiseptic. It operates strongly in destroying cholera germs. Similar qualities are suspected to belong to tea.

Some of our exchanges are telling great tales of mad dogs in their respective cities. As yet no mad dogs have appeared on our streets. Anyhow McCook is too busy with her shop boom to notice a little thing like that.

The clover wedding is the latest. It comes on the fourth anniversary after matrimony has been committed. The gifts are four leaved tables, screens, glass dishes, portfolios, frames and other articles with quarter foil designs.

The ladies of the M. E. church dispensed strawberries, ice cream and cake to the people, during Memorial Day and in the evening, at the Scott building, realizing a neat little sum of money from their labor and delicious refreshments.

Parley's Protean Pleasure Party at the Menard, Monday evening, the 4th of June. Their new features are a lady violinist and a baguette. Parley and wife are too well known to require any introduction to the people of McCook.

It is quite fashionable to paint beer bottles lately, and use them for ornaments, says an expert society editor. Of course it is all in the family. The contents of the beer bottles paint the town and, to correspond, the bottles must be painted too.

What's the matter with A. J. Thompson, the wide-awake feed man, taking hold of the grist mill? McCook must have a mill by the time grain is ready for the rolls, and it does seem as though early action in the matter were necessary.

They do tell a rare joke on one of our bashful young men. He was out driving, a few Sundays since, with the dearest girl in the world, of course. It became necessary to buckle the crupper, the b. y. m. hesitatingly explaining the while that the "animal's" bustle had come loose.

Salt is an absorbent. Thrown on the stable floor, after it is cleaned, it will absorb the ammonia. Thrown into the manure pile it will kill the seeds of thousands of weeds. Thrown on the land it kills the grass and noxious grass that takes up more of it than is good for them. Sown on lawns in the spring it kills worms, bugs and weeds, and gives the grass a chance.

The closing exercises of the public schools of the city, which occurred on Friday afternoon last, were held in the Lutheran church, the high school room not being commodious enough to accommodate the large attendance of citizens who heartily enjoyed the occasion.

—and such events are ever entertaining and full of interest. The preparations, though not intended to be extensive, were thorough, and the scholars acquitted themselves in a manner creditable to themselves and teachers as well, while the spectators were highly pleased with the performances throughout.

## INDEPENDENCE DAY.

The Magic City will Celebrate the Day in Grand Style.

**FIRE WORKS, RACES, MUSIC, SPEECHES.**

Trades' Displays and Many Other Attractive Features.

A meeting was held in the opera hall, Monday evening, to take action in the matter of properly celebrating independence day. C. T. Brewer was selected to preside over the meeting and W. M. Anderson to take note of its proceedings. It was unanimously agreed that McCook celebrate the Fourth and that she do so in a rousing, thorough manner. Whereupon the following officers and committees were selected to push the matter in an enthusiastic, energetic manner: Judge J. E. Cochran, President of the Day; Mayor James McEntee, Vice President; Col. S. D. Hunt, Marshal of the Day; C. T. Brewer, Esq., Assistant Marshal; Capt. J. A. Wilcox, Treasurer. The executive committee consists of Col. T. E. McCracken, C. E. Boyd, A. M. Kelley, G. B. Berry, C. D. Eranbrack, J. C. Allen and C. F. Babcock. Messrs. C. M. Noble, J. C. Allen and Samuel Strasser constitute the committee to solicit funds for the celebration. It is proposed to make the affair a memorable effort by the leading city in southwestern Nebraska. Amusements will be provided, fireworks purchased, speeches made by eminent orators, music discoursed, and in fact the committee of a gift-edged and patriotic celebration will be with us on the glorious Fourth. Every arrangement will be made for the accommodation and entertainment of people from abroad. It is expected that excursions will be run at a greatly reduced rate. The executive committee held a meeting, Tuesday evening, and selected the following special sub-committees: On Races—C. D. Eranbrack and E. R. Banks. Amusements—S. D. Hunt, J. F. Forbes and A. M. Kelley. Base ball—E. F. Morrison and D. D. Smith. Music—C. F. Rinker and C. B. Wahlquist. Printing—T. E. McCracken and E. E. Lowman. Speakers—J. Byron Jennings, C. F. Babcock and F. M. Kimmel. ## OUR CITY SOLONS.

City Council met in regular session, last evening. Mayor, Clerk and full board present. The following crisis was ground: Ordinance No. 22, entitled "an ordinance establishing a fire limit and prohibiting wooden buildings to be erected or placed within a certain limit in said City of McCook, Neb., and providing for a penalty for violation thereof," was introduced by Councilman Dixon, and passed under suspension rules by a unanimous vote. The following resolution was adopted, Dixon, Kay, Allen, voting aye; McInroy, nay:

Resolved, By the Mayor and City Council of the City of McCook, Red Willow county, Nebraska, in regular meeting, that the Mayor be authorized to enter into contract with the Lincoln Land Co. for the erection of two watering troughs and two fire hydrants.

## THIRD ADDITION.

Surveyor A. B. Smith of the Lincoln Land Co., and corps of assistants, arrived in the city on Monday morning, and have been busy engaged, this week, in platting the third addition of 56 blocks to the original town. We might add here that the original town consisted of but 30 blocks, and that the third addition is just as large exactly as the combined original plat and the first addition, which comprehended 26 blocks. The second addition is composed of 34 blocks, making a grand total of 146 blocks. The third addition surrounds the city on three sides, one block deep on the east and west, two deep on the north, and six long and four deep on the northwest. These figures will aid the reader in a measure to appreciate the strong and substantial growth the city of McCook has made in six years.

## CARD OF THANKS.

By a unanimous vote of J. K. Barnes Post, No. 207, G. A. R. and comrades assisting us, I am instructed to return their sincere thanks to the McCook band, mayor and city council, Odd Fellows, U. M. W., P. O. Hocknell, Esq., Co., Woman's Relief Corps, Revs. Kimmel and Dwyer, Hon. Thos. Colfer, Marshals Joe Spotts and Col. S. D. Hunt, and all those who so kindly and generously favored us with their presence at the decoration of the graves of our beloved comrades, and to those who gave us their financial aid so liberally we are especially thankful. **W. M. INWIN,** Adjutant.

## BARNES' ADDITION.

Thos. H. Barnes, the B. & M. right-of-way man, has purchased the Hocknell brick yard, and we are informed that he proposes to remove the material therefrom and plat this in connection with his other land lying south and east. This without exception will make the finest addition to McCook, as it is nearer and could not be finer if made to order.

## SUCCESS ATTEND THEM.

Barney Hofer and W. S. Kimmel started for Hayes Centre, this morning, to assume charge of the Hayes County Times. The boys will give the people of Hayes county an excellent local newspaper and will in turn doubtless receive a liberal patronage at their hands.

## SERIES NO. TWO.

Series No. Two, McCook Co-Operative Building and Savings Association will be opened just as soon as sufficient stock is subscribed. Parties who desire to enter this series will please report to Thos. McInroy, Geo. B. Berry or to W. M. Anderson, secretary, at once.

## WOMAN'S RELIEF CORPS.

The Woman's Relief Corps will hold its regular meeting in Masonic Hall, next Saturday afternoon at 2 o'clock, mountain time. All members and those who desire to enroll themselves as such are earnestly requested to be present. **NELLIE LEE, Secretary.**

Our inventive genius, Em. Kendall, has another fruit of his labors about ready for patent office action, an egg beater, which Em. thinks will be "world beater" in that line. All in all he has some seven different inventions on the way. He is in receipt of numerous letters concerning his door fastener.

## MEMORIAL DAY.

A Splendid Observance of the Day in McCook.

**AN IMMENSE ATTENDANCE.**

Decoration Day dawned bright and beautiful and peaceful, which features characterized the day throughout. At the appointed hour the opera hall was crowded to its utmost capacity, not half the people being able to gain admittance. The program as published last week was performed without material change and was of uniform excellence and interest, the oration by Rev. J. W. Kimmel receiving many warm words of praise. This part of the exercises finished, the procession formed in the following order, and took up their march to Longview Cemetery: (1) McCook Cornet Band, (2) J. K. Barnes Post and other comrades, (3) Knights of Pythias—Uniform Rank, (4) L. O. O. F., (5) Hocknell Hose Co., (6) pupils of public schools, (7) 38 girls in white representing the states, (8) Mayor and council, (9) Citizens in carriages, wagons and on horseback. The procession was by far the largest ever seen in McCook, about 100 carriages, etc., being in the same. At the cemetery the dedicatory service of the G. A. R. was solemnly performed by the post, assisted by the Woman's Relief Corps, Prof. Helman and scholars of the public schools; the graves of the dead comrades being tenderly and lovingly guarded with choicest flowers, tributes of patriotic hearts. "All honor to the memory of our noble dead."

The 38 little girls in white were "perfectly lovely" to be sure.

Rev. J. W. Kimmel acquitted himself handsomely in his memorial oration.

The grave of Major and Mrs. Williams' infant boy was also decorated with flowers.

Hocknell Hose Co. presented a neat appearance in their uniforms and with their cart handsomely and tastefully decorated with flowers and bunting.

Floral tributes decorated the graves of the following departed comrades: C. LEATHER NETTLETON—Sergeant Co. F. 45th Mass. Infantry.

CHARLES E. FOX—Private Co. B. 8th Iowa Infantry.

CHESTER WARD—Private Co. A. 15th Michigan Infantry.

DANIEL F. CLEMENTS—Private Co. K. 9th Kansas Volunteer Cavalry.

ELIAS CORBARD—Private Co. —, Wisconsin.

## NOTES OF THE BOOM.

George W. Kalme "catches onto" two lots on McDowell street.

McCook's boom is the pride of the Republican Valley—Tremulous Chieftain.

C. H. Meeker celebrated his return from Illinois by purchasing lot 6 in block 9 on Upper Main Avenue, at a bargain.

Hal E. Marvin, of division headquarters at Holyoke, has taken firm hold on the real estate boom by purchasing block one in Brown's Park addition.

Judge Cochran has indulged in a small side speculation of four lots in the burg of Hayes Centre, besides buying three more valuable lots in our city.

McCook's boom is surely "on," real estate is selling at high prices and everybody is investing with the expectation of "striking it rich."—Arapahoe Pioneer.

Messrs. L. Lowman & Son have made ample preparation for the inevitable movement of the best retail city trade up Main Avenue by purchasing corner lot 12, block 10.

There is strong talk of new railroad shops at McCook, and the town is feeling very much like having a boom in consequence. The surveys of the Lincoln Land company are now laying out their first "boom addition."—Lincoln Journal.

Judge J. E. Cochran, the latter part of last week, sold his property on the corner of Dodge and Macfarland streets, to Mr. V. Franklin of the Citizens' bank for \$17,500, making a handsome profit, which he at once reinvested in city real estate.

The Pioneer Press congratulates its neighboring town of McCook, Nebraska, in having secured such a coveted prize as the plant of the B. & M. shops. The writer was on the site where McCook now stands before there was a building to be seen.—Akron Pioneer Press.

McCook is having a healthy boom in view of the proposed B. & M. shops. Property is advancing rapidly in price, and as soon as work commences in earnest, the enterprising citizens of that thriving city will show their faith in its future in a substantial manner.—Hastings Nebraska.

McCook's pride in her present shape and future prospects cannot be measured by ordinary methods. Her waist is small, but her bustle takes the bun for size and vigor. Plans for the Burlington & Missouri shops to be built there justify the confidence of the residents. The main building will be 18x25x12, with two wings, and when completed will give employment to a large force of men. The buildings will cost in the neighborhood of \$30,000. The population for 1880 is fixed at 15,000.—Omaha Herald.

## BARTLEY BOOMINGS.

The cheese factory is doing a good business and making an excellent quality of cheese.

The latest sensation is the marriage of Miss Jennie McEay, teacher of vocal music in Bartley, and Chas. May of Bird City at Benkelman, last Sunday, Rev. Blackburn officiating. Mrs. May will continue to teach music until the close of the present term. **MAX.** May 27, 1888.

## DRIFTWOOD GLEANINGS.

C. S. Ferris was on the sick list, last week, with heart trouble.

Rain! Rain! Will soon have to leave this country because of too much rain.

Miss Lella Widgown returned from her long visit in Ohio and Illinois, last Saturday.

&lt;
